EACUBO Visionary Leadership Award Nomination Form

As EACUBO celebrates the milestone of a century of commitment to strengthening higher education, it is important to recognize those individuals whose leadership has had a profound impact on the growth and development of our profession and of the Association itself.

Recipients of the Visionary Leadership Award represent an 'EACUBO Hall of Fame', comprised of those who have profoundly impacted the Association in its first century, and those whose future commitments will sustain and strengthen the Association and the higher education community. The inaugural class of Visionary Leaders will be inducted at the Centennial Celebration in Baltimore in October 2019, reflecting those leaders whose contributions have been most significant over the Association's first century. From time to time in future years, additional individuals will be honored with the Visionary Leadership award as circumstances warrant. Nominees may be living or deceased.

The Visionary Leadership Award honoree will be an individual:
- Who has had a pivotal impact on EACUBO and/or the field of finance and business operations in higher education.
- Whose work and service exemplify commitment to serving as strategic partners to campus colleagues, advocating on behalf of our institutions and our industry, and advancing knowledge and professional development within the field of higher education finance.
- Whose contributions strengthen access to an affordable higher education and thereby impact the long-term health of our communities.
